

## SDG indicators that can be estimated in DHS surveys

Number	Indicator	DHS Core/Module
2.1.2	Prevalence of moderate or severe food insecurity in the population, based on the Food Insecurity Experience Scale (FIES)	FAO Food Insecurity Experience Scale Module
2.2.1	Prevalence of stunting (height for age <-2 standard deviation from the median of the World Health Organization (WHO) Child Growth Standards) among children under 5 years of age	Core
2.2.2	Prevalence of malnutrition (weight for height >+2 or <-2 standard deviation from the median of the WHO Child Growth Standards) among children under 5 years of age, by type (wasting and overweight)	Core
2.2.3	Prevalence of anaemia in women age 15 to 49 years, by pregnancy status	Core
3.1.1	Maternal mortality ratio	DHS Adult and Maternal Mortality Module
3.1.2	Proportion of births attended by skilled health personnel	Core
3.2.1	Under-five mortality rate	Core
3.2.2	Neonatal mortality rate	Core
3.6.1	Death rate due to road traffic injuries	DHS Accident and Injury Module
3.7.1	Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods	Core
3.7.2	Adolescent birth rate (aged 10-14 years; aged 15-19 years) per 1,000 women in that age group	Core 10-14 via retrospective approach
3.a.1	Age-standardized prevalence of current tobacco use among persons aged 15 years and older	Core
3.b.1	Proportion of the target population covered by all vaccines included in their national programme: a) Coverage of DPT containing vaccine (3rd dose) b) Coverage of measles containing vaccine (2nd dose) c) Coverage of pneumococcal conjugate vaccine (last dose in schedule) d) Coverage of HPV vaccine (last dose in schedule)	Core and DHS HPV Vaccination Module
4.2.1	Proportion of children under 5 years of age who are developmentally on track in health, learning and psychosocial well-being, by sex	UNICEF MICS Early Childhood Development Module
5.2.1	Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age	DHS Domestic Violence Module
5.3.1	Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18	Core
5.3.2	Proportion of girls and women aged 15-49 years who have undergone female genital mutilation/cutting, by age	DHS FGC Module
5.6.1	Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care	Core
5.b.1	Proportion of individuals who own a mobile telephone, by sex	Core
7.1.1	Proportion of population with access to electricity	Core
7.1.2	Proportion of population with primary reliance on clean fuels and technology	Core

Number	Indicator	DHS Core/Module
8.7.1	Proportion and number of children aged 5-17 years engaged in child labour, by sex and age	UNICEF MICS Child Labour Module
8.10.2	Proportion of adults (15 years and older) with an account at a bank or other financial institution or with a mobile-money-service provider	Core
16.1.3	Proportion of population subjected to physical, psychological or sexual violence in the previous 12 months	DHS Domestic Violence Module
16.2.1	Percentage of children aged 1-17 years who experienced any physical punishment and/or psychological aggression by caregivers in the past month	UNICEF MICS Child Discipline Module
16.2.3	Proportion of young women and men aged 18-29 years who experienced sexual violence by age 18	DHS Domestic Violence Module
16.9.1	Proportion of children under 5 years of age whose births have been registered with a civil authority, by age	Core
17.8.1	Proportion of individuals using the Internet	Core

**SDG indicators for which DHS surveys cannot estimate the full indicator but can estimate specific indicator components**

Number	Indicator	DHS Core/Module
1.4.1	Proportion of population living in households with access to basic services a) Access to basic drinking water services b) Access to basic sanitation services c) Access to basic hygiene facilities d) Electricity e) Clean fuels	Core
6.1.1	Proportion of population using safely managed drinking water services a) Proportion with basic drinking water services b) Proportion with water available when needed	Core
6.2.1	Proportion of population using safely managed sanitation services, including a hand-washing facility with soap and water a) Proportion using a basic sanitation service b) Proportion in which excreta are safely disposed of in situ or treated off-site c) Proportion using a hand-washing facility with soap and water d) Proportion using open defecation	Core
